The map is a coordinate grid ranging from -40 to 40 on both the x and y axes. Key features include:
- Top center: A horizontal bar obstacle.
- Left side: A large curved wall obstacle.
- Center: A vertical pole with a crossbar.
- Right side: A series of dots forming a curve.
- Various locations: Diagonal poles and jump points labeled with numbers 1, 2, 3, 4 in circles.
- Bottom left: Two jump points labeled 'S' in circles near an 'Enter' box.
- Bottom right: Two jump points labeled 'F' in circles near an 'Exit' box.
- Obstacles are represented by different symbols: solid bars, curved walls, and poles.

The map illustrates a dog agility course on a coordinate grid. Key features include:
- **Start:** An 'Enter' box located at approximately (-10, 0).
- **End:** An 'Exit' box located at approximately (20, 0).
- **Obstacles:** Various jumps, tunnels, and gates are placed across the grid.
- **Points:** Circled numbers indicate point values. White circles (1-4) represent 15 points each. Black circles (1-3) represent 10 points each.
- **Course Flow:** The path begins at the Enter box, proceeds through several obstacles, and concludes at the Exit box.
